International Conference on Non-Target Screening 2021

In the last years there were several very successful workshops for Non-Target Screening (NTS), which started in 2016 at the Non-Target meeting in Ascona, continuing with 'SWEMSA 2016' in Garching, many SETAC meetings, ACS, RCS and GDCh workshops, 'SWEMSA 19' in Erding and last digital at the Analytica 2020 in Munich.

Now, for the first time, Non-Target Screening and its applications are in the focus of an

INTERNATIONAL CONFERENCE

NTS users from all over the world and vendors from the field of instrumental analysis will present their latest results and applications in **keynote lectures, lecture sessions** and **poster sessions**.

You can apply for an **oral presentation** and/or a **poster presentation**.

Abstract Submission deadline: **31st May '21**

This conference will promote discussion on **NTS main topics**, such as:

- NTS in Products of Daily Use,
- NTS in Doping and Forensics,
- NTS in Environmental Analysis,
- NTS in Food(omics),
- NTS in Metabolomics,
- NTS in (Pharmaceutical and Chemical) Process Monitoring,
- NTS in Commercial Solutions,
- Computational Mass Spectrometry,
- NTS with Quality Standards, Data Standardization and Harmonization

International Conference on Non-Target Screening 2021
